QUESTIONS/ANSWERS:

Q. I am filing a motion to continue a hearing. Do I need to select a prefix from the drop-down list on the last screen (First, Second, etc.)?

A. Yes. Motions to continue hearing, conference or trial should be classified on the docket numerically in order to keep track of how many continuances have been requested with regard to a particular matter. Filers should review the docket to determine how many total continuances were previously requested on behalf of any party in the case. *Please note that this does NOT apply to motions to continue the 341 meeting.*
